# Jennifer Frutos

## Full Stack Developer

✉ jenniferfrutosdev@gmail.com

📍 San Diego, CA

Ambitious Junior Full Stack developer with the ability to learn, adapt, and collaborate in fast paced environments. I am looking for a company to grow my technical skills while contributing to modern responsive web applications.

## EXPERIENCE

**Misc-Apps** - *Personal Project*

React | HTML | CSS | Rest API

Single page web app showcasing a retro styled calculator, random activity generator, and a to-do list.

**The Glass Shop** - *Personal Project*

React | HTML | CSS | Bootstrap

Developed a responsive front-end user experience for a small business. Site navigation done with React Router DOM. Forms and modals are functional to the extent of alerts as it is not an actual business.

**Hospice East Bay, Pleasant Hill, CA** - *Retail Area Manager*

August 2017- June 2022

Facilitated launch of e-commerce site through Square increasing customer base via online sales. Supervised, trained and assisted employees at multiple locations in customer service, store maintenance, and project managing.

## EDUCATION

**Nucamp, Online**- *Full Stack Web and Mobile Development Bootcamp*

Certifications: Front-End, Back-End, Fundamentals (HTML, JavaScript, CSS)

July 2022

Developed 3+ responsive web and mobile applications. Utilized various libraries and frameworks (i.e. Bootstrap, React, React Native, Node.js, Express, MongoDB).

**San Jose State University, San Jose, CA** - *B.A. Liberal Studies*

Honors: *cum laude*

June 2016
